

EQUIPMENT LEASE PROGRAMS

COMPREHENSIVE LEASING SOLUTIONS FOR FLEET AND EQUIPMENT NEEDS

Your business relies on more than vehicles to get the job done. Glesby Marks Equipment Leasing Programs provide a straightforward way to acquire the machinery your operations depend on without the burden of large upfront expenses. By financing equipment costs over time, you can preserve capital and keep your business moving efficiently.

A TAILORED APPROACH TO EQUIPMENT LEASING

We design Equipment Leasing Programs around how your business operates and grows. Whether you need construction equipment or material handling machinery we structure terms that align with your budget, usage requirements, and planning needs.

New and used equipment with terms up to 60 months and fixed rates for predictable payments.

Each program is customized to include:

- Lease structures aligned with operational and financial objectives
- Terms and payments tailored to usage patterns
- Build equity and take ownership at the end of the term
- Lifecycle planning that supports long-term equipment performance

Our team manages the entire process, from sourcing and financing through delivery, so your crews can stay productive.

SINGLE SOURCE FOR FLEET & EQUIPMENT

Many providers specialize in either vehicles or equipment. Glesby Marks offers both. This unified approach allows you to consolidate fleet and equipment leasing under one provider, simplifying vendor relationships and streamlining procurement.

We support a wide range of construction equipment, including:

- Forklifts, excavators, and backhoes
- Loaders, skid steers, and trenchers
- Compressors, generators, and other industrial machinery

Our goal is to provide one point of contact and one cohesive program to manage your assets more efficiently.

!! BUILD A LEASING PROGRAM THAT FITS YOUR BUSINESS

Glesby Marks designs and manages Equipment Leasing Programs that align with your goals and keep your business moving forward.

ONGOING SUPPORT

YOUR FRACTIONAL FLEET & EQUIPMENT PARTNER

Glesby Marks acts as an extension of your team, supporting both fleet and equipment needs under a single leasing program. We provide ongoing guidance on acquisition, financing, and replacement cycles, helping you make informed decisions as your business evolves.

Clients benefit from consistent communication, transparent terms, and experienced professionals who understand how vehicles and equipment support daily operations.

CLIENTS RELY ON GLESBY MARKS

- Consolidate fleet and equipment leasing under one provider
- Maintain flexibility through customized payment options
- Reduce complexity with a unified leasing program
- Operate newer, reliable equipment
- Partner with a team that scales alongside their business

CONSISTENCY YOU CAN RELY ON

From onboarding through every stage of your leasing program, your dedicated contacts remain the same. They understand your business, your objectives, and how your assets are used in the field. This consistency simplifies communication and ensures your fleet and equipment receive the attention they deserve as your company grows.

WHY CHOOSE GLESBY MARKS FOR EQUIPMENT LEASES

Since 1976, mid-market companies have relied on Glesby Marks for flexible, transparent leasing solutions. As an independent provider, we can source any make, model, or type of equipment and tailor terms to fit each client's needs.
